# FOOTWEAR FOR WORKING FEET

HORECA COLLECTION 2025.  
WORK FOOTWEAR FOR HOTEL, RESTAURANT,  
CATERING, CANTEEN AND CAFÉ.

# SIKA CLOUD

60202 / CLOUD MICROFIBER BOA®

Size 35-48. S2 SR FO.

Certified  
according to  
new standard

EN ISO 20345:2022

## Lining:

The lining consists of breathable air mesh, which transports sweat and heat away from the feet.

## Upper:

Water resistant microfiber, which, combined with a smooth design, makes the shoe easy to wipe clean.

## Toe cap

Aluminium toe cap

## Inlay sole:

Breathable, shock absorbing inlay sole. The sole includes upcycled PU foam, which is made from foam residues from the production of the inlay sole.

## Outsole:

Slip resistant rubber outsole which, combined with a soft, shock absorbing midsole made from EVA (SIKA Aerosol™ Foam), makes for a comfortable and flexible shoe.

## 60103 / **CLOUD OPEN SHOE BOA®**

Size 35-48. S1 SR FO.

## 60401 / **CLOUD SLIP-ON**

Size 35-48. S2 SR FO.

## **SIKA AEROSOL™ FOAM**

Experience a new standard of comfort. The brand new midsole is made from a material called aerosol foam. The foam is very lightweight and airy, while also featuring great shock absorbing properties. During the production of the midsole, air is injected into the foam before it takes final shape. We call this technology Sika Aerosol™ Foam. A sole made using this technology makes your shoe so lightweight, airy and shock absorbing that it feels like you're walking on clouds.

ENERGY**

# Step up your game

**SIKA**

**BOA® Fit System:**  
Innovative system  
that tightens and  
loosens the shoe in  
an instant. Gives the  
shoe a precise fit.

**SIKA BubbleTech:**  
Air bubbles in the mid- and  
outsole return the energy from  
each step, providing you with  
enough for a full workday.

# SIKA BUBBLE

For those who go the extra mile

- / Shock absorption in the entire sole
- / Breathable
- / Washable (50011)
- / Extra slip resistant
- / Approved for work

## 50011 / MOVE

Super comfortable work shoes in a smart sneakers design. The specially designed outsole is extra slip resistant and provides excellent grip on slippery surfaces. The air bubbles in the outsole also provide unique comfort and shock absorption under the entire foot, reducing the risk of knee, hip and back injury. The breathable, shock absorbent inlay sole reduces unpleasant odours and retains most of its shape over time. The shoes can be washed at 40 °C. Metal-free. PVC-free. Sizes 35-48. O1 SRC.

## 50018 / LEAP

Lightweight and breathable work shoe with elastic bands over the instep. The shoes offer supreme fit and comfort. Breathable seamless textile/knit and with lots of smart details. The specially designed outsole is extra slip resistant and provides excellent grip on slippery surfaces. Air bubbles in the outsole also provide unique comfort and shock absorption for the whole foot. Metal-free. PVC-free. Sizes 35-48. O1 SRC.

# Sneaker that work for you

## 403211 / LIFE

Lightweight, durable and comfortable. Only 321 grams. Upper made of breathable knitted polyester. Can be washed at 40 °C. PVC-free, ESD approved and Metal-free. Sizes 35-48. O1 SRC.

You may not see it at first glance. But there is a real work shoe hiding behind the sneaker design. A shoe that delivers all the comfort and functionality you can expect from professional footwear. Designed and developed for those who work in the kitchen, hotel and restaurant industry.

## 403233 / LIFEGRIP

Lightweight, durable and comfortable. Made of water resistant and breathable full grain leather. PVC-free, ESD approved and Metal-free. Sizes 35-48. O2 SRC.

## 403222 / DYNAMIC

Lightweight, durable and comfortable. Water resistant and breathable microfiber, making it easy to clean. PVC-free and ESD approved. Sizes 35-48. O2 SRC.

## 403244 / COMFIT

Lightweight, durable and comfortable. Only 327 grams. Soft and flexible upper made of breathable knitted polyester. Can be washed at 40 °C. PVC-free, ESD approved and Metal-free. Sizes 35-48. O1 SRC.

## 403222 / DYNAMIC

Lightweight, durable and comfortable. Water resistant and breathable microfiber, making it easy to clean. PVC-free and ESD approved. Sizes 35-48. O2 SRC.

# SIKA OPTIMAX

## 172000 / OPTIMAX

#### 67031 / **SIKA PANTOLETTE**

Slip resistant work shoe featuring a rubber outsole ensuring good slip resistance and an EVA foam midsole ensuring good shock absorption. The leather upper is water resistant while the mesh lining provides greater breathability. Sizes 36-48. O2 SR.

#### 19242 / **FUSION**

Lightweight and comfortable low boot made from breathable and durable Permair® leather. Extra slip resistant and shock absorbing outsole. The design of the sole ensures stability and minimises the risk of twist injuries. The inlay sole is antibacterial, moisture-wicking and quick-drying. Lining of sweat absorbing and breathable Poltex. Quick drying and durable. Sizes 35-48. S2 FO SR.

#### 45201 / **ESSENTIAL LEATHER LACE**

Slip resistant work shoe featuring a rubber outsole ensuring good slip resistance and an EVA foam midsole ensuring good shock absorption. The leather upper is water resistant while the mesh lining provides greater breathability. Sizes 36-48. O2 SR.

# SIKA ULTIMATE FOOTFIT

INSOLES THAT PROVIDE EXCEPTIONAL SUPPORT, FIT AND COMFORT

Exclusive arch supporting inlay sole constructed for optimal support and comfort for feet with a low arch. The inlay sole is made from soft, shock absorbing and breathable EVA/PU foam, and moulded with polyester around the sole for optimal durability. A 3 mm layer of Poron has been inserted beneath the heel for exceptional shock absorption. The inlay sole is antistatic and ESD compatible. Can be cut to fit the shoe. Use the existing inlay sole as a template for optimal fit.

## SIKA FOOTWEAR IS, AMONG OTHER THINGS, A PROUD SHOE SPONSOR FOR

### THE NATIONAL BUTCHERS' TEAM

The German Butchers' Association – known as DFV – is the voluntary alliance of the 14 regional guild associations of the butchery trade in Germany.

36 highly motivated young talents, supported by three coaches and team leader Nora Seitz, pursue a goal that goes beyond winning trophies: they aim to be proud ambassadors and role models for their profession in their home regions.

This team stands for dedication and passion – as ambassadors and role models, team players and true believers in their craft.

### THE GERMAN NATIONAL CHEFS TEAM

The German National Culinary Team represents the cooking profession to the public. The National and Junior National Teams, comprising around 25 members (chefs and pâtissiers), rely on expertise, experience, and creative young talent. Their cooking is both regional and seasonal, with a strong focus on sustainability and mindful practices. The German teams see themselves as role models for aspiring young chefs

### CULINARY TEAM OF FINLAND

The Culinary Team of Finland ry / Suomen Kokkimaajoukkue was established in 2010.

In competitions, the team represents not only Finnish food culture but also the very essence of the nation.

### DEHOGA

The Bavarian Hotel and Restaurant Association (DEHOGA Bayern e.V.) is the business and trade association representing the entire hotel and restaurant industry in Bavaria – a growing service sector characterized predominantly by small and medium-sized enterprises. With 33,000 hoteliers and restaurateurs, 447,000 employees, and more than 10,000 apprentices, the hospitality industry is a key pillar of Bavaria's economy and the backbone of its tourism sector.
